Re: Administrative Relief request for Residential-Business Planned Development No. 1279, Proposed plaza at 2255-93 N. Milwaukee Avenue

Dear Mr. Acosta:

Please be advised that your request for a minor change to Residential- Business Planned Development No. 1279 ("PD 1279"), as amended, has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement No. 13 of PD 1279.

On August 31, 2015, administrative relief was granted for design revisions, including a parking reduction, a setback reduction, and landscape modifications for the proposed mixed-use buildings to be located at 2293 N. Milwaukee Ave. Also, a one-story ground floor retail connector was approved in place of the previously approved parking garage between the two mixed-use buildings.

You are now requesting, on behalf of the sole owner of PD 1279, 2293 NMALLC, to replace the retail connector between the two buildings with a landscaped plaza. Construction of the mixed-use buildings is almost complete and there is a lack of demand for additional retail space at this location. The attached, revised Landscape Plan-1st Floor, Floor Plan & RCP Ground Floor, and Landscape Planting Details & Notes, shall be inserted into the main file.

With regard to your request, the Department of Planning and Development has determined that allowing the proposed landscaped plaza will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, and will not change the character of the development, and therefore, would constitute a minor change.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and Residential-Business Planned Development No. 1279, I hereby approve the foregoing minor change, but no other changes to this Planned Development. This minor change is valid for twelve (12) months from the date of this letter unless action to implement the minor change is commenced within such time period and thereafter diligently pursued to completion, including, if applicable, construction consistent with the minor change as authorized by a building permit. If action to implement the minor change, including construction, does not begin within the time set forth, or does not proceed with reasonable diligence, then the approval will lapse and become null and void.

Sincerely,

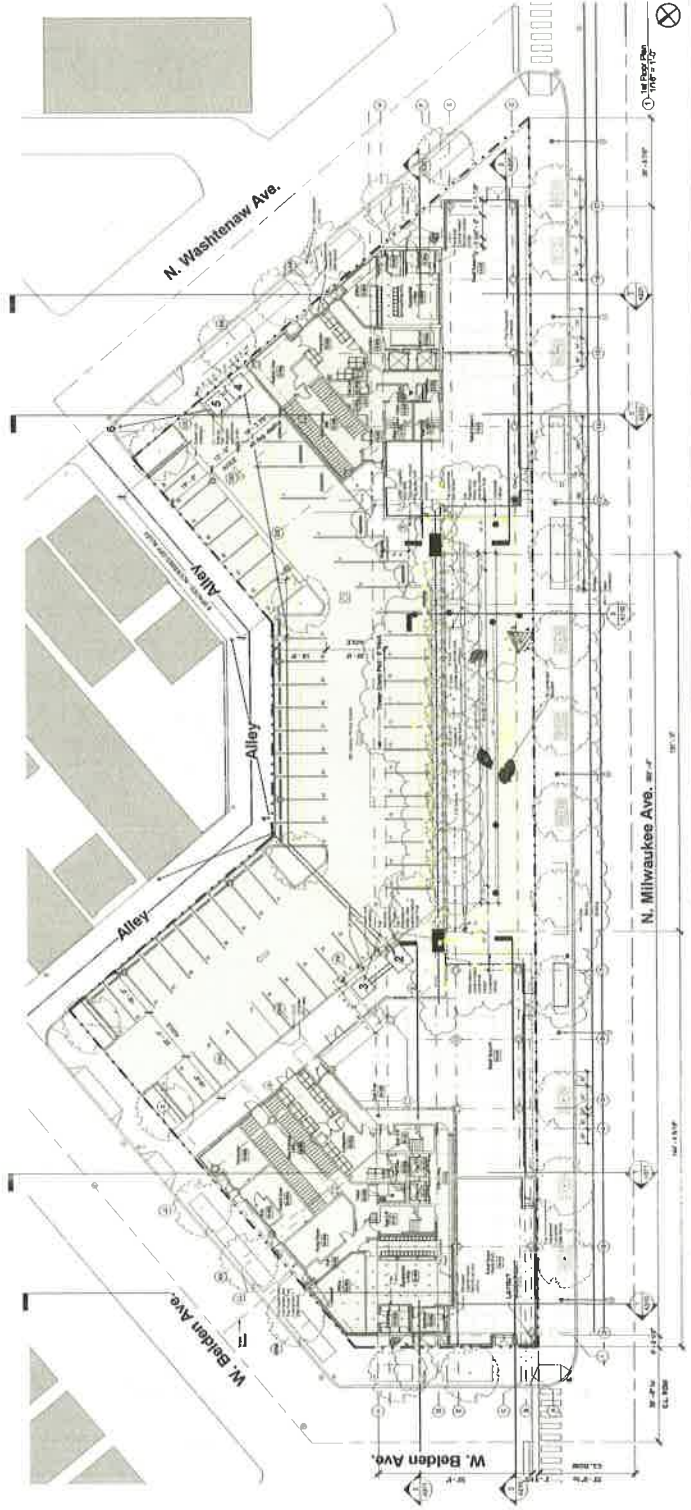

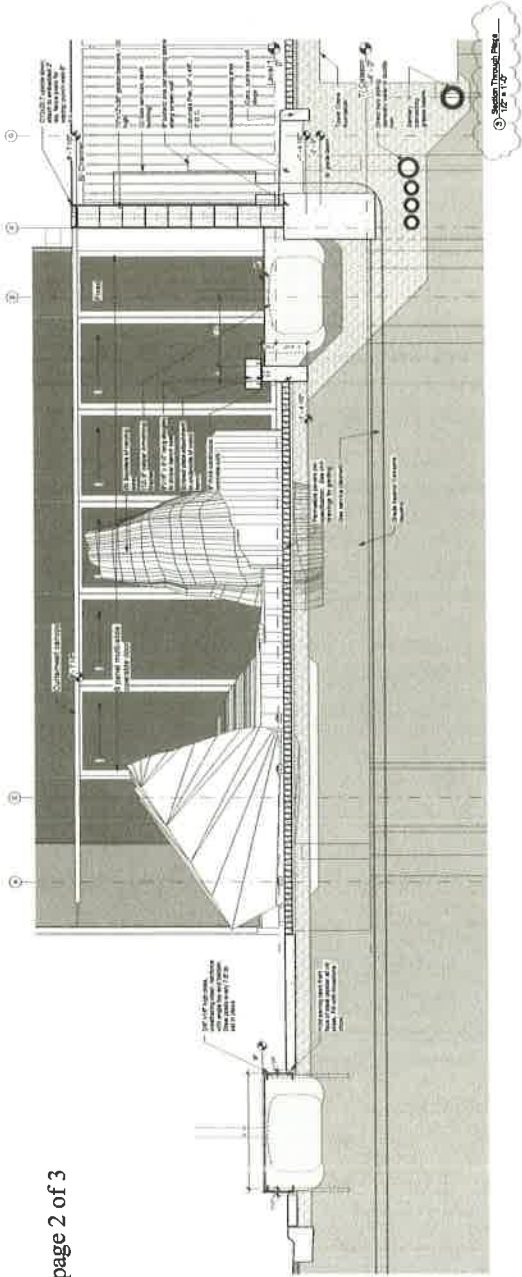

Patricia A. Scudiero

Re: Administrative Relief request for Residential-Business Planned Development No. 1279, 2293 N. Milwaukee Avenue

Dear Mr. Buono:

Please be advised that your request for a minor change to Residential- Business Planned Development No. 1279 ("PD 1279"), as amended, has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement No. 13 of PD 1279.

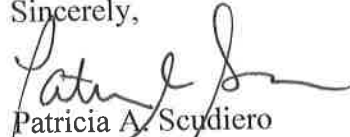

You are requesting on behalf of the sole property owner, 2293 North Milwaukee LLC, administrative relief for design revisions, including a parking reduction, a setback reduction, and landscape modifications for the proposed mixed-use buildings to be located at 2293 N. Milwaukee Ave. Based on concerns from the community and Alderman Moreno, you are proposing to incorporate additional ground floor retail space in place of the previously approved parking garage between the two mixed-use building's at Belden/Milwaukee and Washtenaw/Milwaukee. As a result, the parking has been reconfigured and the minimum number of off-street parking spaces has been reduced from 67 spaces to 59 spaces. The attached, revised, Ground Floor Plan (dated August 25, 2015), 2nd Floor Plan, North, Southwest and East Elevations, all dated August 31, 2015, shall be inserted in the main file.

With regard to your request, the Department of Planning and Development has determined that allowing the proposed design revisions will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, and will not change the character of the development, and therefore, would constitute a minor change.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and Residential -Business Planned Development No. 1279, I hereby approve the foregoing minor change, but no other changes to this Planned Development. This minor change is valid for twelve (12) months from the date of this letter unless action to implement the minor change is commenced within

such time period and thereafter diligently pursued to completion, including, if applicable, construction consistent with the minor change as authorized by a building permit. If action to implement the minor change, including construction, does not begin within the time set forth, or does not proceed with reasonable diligence, then the approval will lapse and become null and void.

Remove all watering bags from tree planting details. Watering should be conducted using a watering root probe feeder once every 10-14 days at a rate of 10 gallons per caliper inch. The watering probe should be placed in multiple locations around the tree 18" away from the outside edge of the root ball. Additionally, the top of the root ball should be watered.

Notwithstanding anything to the contrary contained in Section 17-4-1003-E, the Commissioner of Planning and Development may enforce remedies for breach of the Affordable Housing Agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development ordinance.
